The Offers are made upon the terms and subject to the conditions set forth in the offer to purchase dated September 12, 2019 (the "Offer to Purchase"). The Offerors' obligation to accept Notes tendered in the Offers is subject to the terms and conditions of the Offer to Purchase, which is hereby amended to increase the maximum aggregate principal amount of Notes that the Offerors will purchase pursuant to the Offers from US\$1,000,000,000 to US\$1,081,393,000 (as amended, the "Maximum Principal Amount").

The applicable Total Consideration (as defined in the Offer to Purchase) payable per US\$1,000 principal amount of Notes tendered and accepted for purchase will be determined by the dealer managers based on the applicable fixed spread for each series of Notes (as set forth in the table above) *plus* the applicable yield-to-maturity of the Reference U.S. Treasury Security for that series of Notes (as set forth in the table above) as of 2:00 p.m., New York City time, on September 26, 2019. The Offerors expect to announce the pricing of the Offers on September 26, 2019.

Because the aggregate principal amount of the Notes tendered pursuant to the Offers at the Early Tender Date reached the Maximum Principal Amount, no Notes tendered after the Early Tender Date will be accepted for purchase. Any tendered Notes that are not accepted for purchase will be returned or credited without expense to the holder's account. Payment of the applicable Total Consideration and accrued and unpaid interest for the Notes validly tendered and accepted for purchase is expected to be made, subject to the terms and conditions of the Offer to Purchase, on September 30, 2019 (the "Early Settlement Date"). The Offers will expire at 11:59 p.m., New York City time, on October 9, 2019 (the "Expiration Date").
