

Vale's Base Metals Video Series

Video 4: Community

Video	Audio/Narration
VOG Announcer intro over graphic title:	Vale's Base Metals Business Series — Focusing on our communities
See one-on-one contact between Vale worker and an individual See interactions in a small community such as Labrador See medical clinic, etc. in Indonesia	Can a mining company improve the life of a community? Can a global operation help a neighbourhood? Can a corporation give something back to its people, their families and the towns they call home?
Montage of mining and processing activities, focus on people working, emphasize diversity Dissolve to community, montage of activities that Vale supports	For Vale, the answer is yes. Our leading-edge practices are transforming mining, and we bring that same spirit of positive change to the communities we're a part of.
Montage of community activities Strong "happy" snap of interactions See Vale branding on building or institution	We support infrastructure, educational, health, and environmental initiatives. Each year, we invest millions of dollars to improve the quality of life in the communities where we work.
See Vale partnership actions, focus on connections with community leaders and government	We encourage the engaged participation of all our many partners, neighbourhood groups, and governments.
See montage of educational activities: One Laptop Per Child: Aboriginal children focus	We invest in developing educational opportunities, equipping classrooms and supporting innovative projects.
See examples from the Sorowako education foundation, various schools in Sorowako See rice farming in Indonesia	In Indonesia thousands of students have been enrolled in the primary and secondary schools we've built. Our adult education initiatives include agricultural counseling designed to improve crop production for local farmers.
